Goodwill® Careers in Technology

Start with IT Fundamentals & Finish with a Career in Information Technology

Finding It Hard to Get Ahead Without Training?
If you’re between the ages of 17-29, have not decided which direction you’re headed, and have a desire to work with and on computers, the Careers in Technology (CiT) Program is a great opportunity for you. You will start with a 5-Week IT Fundamentals class to train, prepare, and provide you with the skills and opportunity to increase your knowledge. The next step is the CiT Program where you will receive focused IT training and on-going career mentoring; giving you the tools to change your life in as little as 13 weeks and prepared to begin a career in IT.

We Train You for a Career.
- **Increase your income potential** by first earning industry recognized IT Fundamental Certification. As you move forward into the CiT Program, you will earn your CompTIA A+ and have the opportunity to earn your Network+ and Security Certifications.
- **Demonstrate** knowledge of installing software and cyber security basics.
- **Get hired** for local, in-demand IT Support Positions in a variety of industries.
- **Develop** the knowledge to **get the job** and skills to **keep it!**

Are You Ready to Take Control of Your Future?
