

Goodwill Business Solutions

A Resource for Your Business that Benefits Your Community

Goodwill Business Solutions guarantees jobs your company chooses to outsource will be done on-time, on budget, and also help your community. The jobs we do for you provide training and employment opportunities for individuals in Goodwill programs and provide revenues to support Goodwill training and employment programs in the community.

Goodwill Business Solutions offer your business the ability to have a skilled labor force perform work that is not a primary function of your business. Work may be done at your facility or at Goodwill's ISO 9001-2015 certified manufacturing location. We also offer temporary staffing solutions with supervised work teams that can come to your place of business to perform work you don't want to move offsite or temporary work you need to complete.

Business Solutions we offer...

Production & Assembly

- Light manufacturing: We produce your finished goods and provide sub-assembly for a variety of businesses.
- Kitting and assembly: We perform semi-automatic and manual assembly with the flexibility to meet your needs. Reverse logistics including relabeling, inspection, refurbishing, and sorting as well as kitting and pick and pack can also be performed.

Janitorial Services

- Our commercial janitorial services are solutions for banks, industrial sites, apartment buildings, educational facilities, government buildings, office buildings, churches, and daycare facilities.
- Floor Care
- We can also offer assistance with grounds maintenance.

Packaging

- Custom wood crating and packaging: Kiln dried and heat treated lumber available.

Temporary Staffing

- Goodwill's supervised work teams are the solution to your temporary staffing needs.

If you would like to learn more about Goodwill's ability to help you meet the demands of your business visit www.goodwillvalleys.com.
